SECURITY MONITORING PRESENTATION, Marisa DeMato, Grant & Eisenhofer P.A.

Ms. DeMato, Attorney for Grant & Eisenhofer P.A. (G&E) appeared before the Board of Trustees for a security portfolio monitoring presentation.

Ms. DeMato cited that for more than 16 years, G&E has remained different from other securities law firms. This is evident through the Firm's continued commitment to excellence and unparalleled results (including achieving more securities settlements in excess of \$100 million than any other law firm). Ms. DeMato stated that G&E specializes in working with pension funds and institutional investors and is sensitive to the special demands placed on them.

Ms. DeMato advised that G&E provides portfolio monitoring and securities litigation services to over 150 institutional clients throughout the U.S. and Europe whose assets range from hundreds of thousands of dollars to over \$500 Billion. G&E does not charge a fee for our portfolio and securities litigation monitoring services, nor will the Firm seek reimbursement of any cost or expense related to case evaluation services. G&E uses its own proprietary portfolio monitoring system which is specifically designed to ensure a secure and reliable platform and meets the highest standards of information security.

As part of G&E's monitoring service, the Firm provides a Quarterly Monitoring Report (sample included for the Board to review) that identifies all securities class actions and final settlements filed or announced during the prior quarter. G&E also provides a separate analysis of any security-specific loss that may have occurred as a result of a violation or potential violation of federal or state securities laws or a breach of any duty, a recommendation as to whether and in what manner to seek compensation for such losses, and an opinion on the chances of success of litigation. Benefits of security monitoring were outlined further by Ms. DeMato. The presentation was opened for Q&A. Mr. Cypen outlined his requirements to Ms. DeMato in order to bring a case to the Board to consider.

After considering the benefit of the System, Mrs. Marano made a motion to engage the portfolio monitoring services of Grant & Eisenhofer P.A. This motion was seconded by Mr. O'Brien. All board members voted yes. Ms. DeMato thanked the Board and stated she was looking forward to working with the Board and its administration.

### QUARTERLY PRESENTATION

#### Eagle Asset Management

Mr. Alan Ashworth announced to the Board that Ms. Stacey Pittman, an assistant manager of the portfolio, is no longer with Eagle. Mr. Ashworth indicated that this move returns the Small Cap Core and Small/Mid Cap Core portfolios to the two-manager system that was in place until 2011. Mr. Scott Renner has shared day-to-day management responsibilities for the portfolio for the last two years and has been on the team since 2007. Further, we have full confidence that Stacey's research coverage will be ably absorbed by the existing, well-seasoned research staff.

Mr. Alan Ashworth stated the market value of the Eagle Account was at \$16,830,998 as of September 30, 2013. Since inception (01-08-03) the Eagle Small Cap Account realized an annualized net return of 11.09%, compared to the Russell 2000 of 11.52%.

For the quarter ending September 30, 2013, Eagle Small Cap Account returned 8.20%, compared to 10.21% for the Russell 2000. The 3 & 5 Year returns were valued at 17.00% & 9.92% in comparison to the benchmark returns of 18.29% & 11.15% respectively.

Mr. Ashworth indicated that the Russell 2000 Index rose 10.2 percent in the third quarter led by lower quality companies (based on ROE and earnings). In the index, the Health Care sector was the leader (up 15 percent) followed by Information Technology (up over 14 percent). In Health Care, Biotechnology was the top contributing industry, and in Information Technology, the top contributing industry was Software. The Utilities sector was the laggard for the quarter, up less than 1 percent.

Detractors from relative performance were reported as Energy, which underperformed due to stock selection in Oil, Gas, & Consumable Fuels industry. Delek Holdings underperformed; there is still a disparity in the spreads between the price at which they can buy crude oil and sell refined oil. Information Technology underperformed due to the Software and Semiconductor industries. Rovi fell as it decreased full year guidance. Teradyne underperformed despite beating earnings estimates; the underperformance was due to weaker-than-expected earnings guidance for the upcoming quarter.

A motion was made by Mr. Szeto to amend the Agenda and add Thistle Asset Consulting. This motion was seconded by Mr. Laskowski. All board members voted yes.

#### Thistle Asset Consulting
