**Disclosures - Chapter 112.664(1)**

Dear Board of Trustees:

Chapter 112.664(1), Florida Statutes require each public pension plan to submit information to the Department of Management Services within 60 days after the Board of Trustees approves the valuation report. Attached are the disclosures for the Hollywood Police Officers' Retirement System based on the October 1, 2024 actuarial valuation.

In addition to the attached information, Hollywood Police Officers' Retirement System and the City of Hollywood websites must include five years' actual and expected asset rate of return, along with investment breakdown percentages and a link to the Division of Retirement's Actuarial Summary Fact Sheet for the Retirement Fund.

With respect to the reporting standards for defined benefit retirement plans or systems contained in Section 112.664(1), F.S., the actuarial disclosures required under this section were prepared and completed by us or under our direct supervision and we acknowledge responsibility for the results. To the best of our knowledge, the results are complete and accurate and, in our opinion, meet the requirements of Section 112.664(1), Florida Statutes, and Rule 60T-1.0035, Florida Administrative Code.

In order to prepare the results in this report, we have utilized actuarial models that were developed to measure liabilities and develop actuarial costs. These models include tools that we have produced and tested, along with commercially available valuation software that we have reviewed to confirm the appropriateness and accuracy of the output. In utilizing these models, we develop and use input parameters and assumptions about future contingent events along with recognized actuarial approaches to develop the needed results.

Florida Senate Bill 534 adopted in May 2013 requires pension plans to disclose information for publicly-funded retirement plans. The plan is providing the information above to comply with the requirements of Senate Bill 534. However, the information required by Senate Bill 534 in the projection of plan assets does not include future contributions from the City, employee or State, which is contrary to Florida Statutes, and should not be viewed as an indication of the plan's ability to pay future benefits. The plan follows Florida pension funding rules to maximize the protection of public employee retirement benefits, to assure the plan is funded on a sound financial basis and to assure sufficient assets are available to pay retirement benefits.
